A step above the rest.

- 1 Durable design for home use** – Precor quality has been time-tested in health facilities worldwide, providing solid construction that translates into long-lasting performance, quiet operation, and trouble-free operation in your home.
- 2 Integrated Footplant Technology™** – Innovative design adjusts belt speed to foot speed, fully complementing and supporting your natural running stride.
- 3 Ground Effects® Impact Control System** – Unique suspension system cushions impact and stabilizes lateral movement, reducing impact on joints, increasing comfort, and minimizing fatigue.
- 4 Easy-to-read, intuitive console** – Access QuickStart and Programs with one touch of a button, quick keys provide easy access to speed and incline adjustment. The 9.33 also offers User IDs and a personal best tracker to keep you motivated during your workout.
- 5 Multi-program workout** – Integrated mix of speed, incline, and program options provides an effective cardio workout. Stay motivated with varied routines, from weight-loss, interval-training, to heart rate programs that were developed specifically for Precor.
- 6 Heart Rate Monitoring** – Built-in wireless heart rate telemetry, using the included chest strap, allows you to monitor your heart rate during workouts. The 9.33 also includes easy-to-use handgrip sensors for additional heart rate monitoring options.
- 7 Safety features** – For added assurance, the magnetic safety key and stop button will immediately turn off power when activated. Password protection ensures that the machine can be locked and unlocked at your discretion.
