

PHANTOM

Sleek, elegant, a love at first sight.

The new captivating Phantom series from Quantum is a milestone in fitness strength achievement, as much for its commanding performance, as it is for its luxurious, emboldened look and feel. With the Phantom's series masterful American craftsmanship, one-of-a-kind features and user motivating charm; your facility and business will benefit as users will become healthfully enthralled.

Refined, gifted, unforgettable.

- Uniquely designed frosted pastel ice shrouds, allow full user privacy, safety, yet keep your facility bright and welcoming.
- Low profile stance, small foot print, combined with multiple choices of combination and single station machines define Quantum's new breathtaking Phantom line as an industry leading series.
- Key converging motion units allow for confident, natural movement and allow for maximum muscle range of motion.
- Meticulously designed hand grips and foot platform, are angled to keep joints in a neutral position, reducing joint stress and maximizing a safe workout experience.
- Clear, simple and concise user instruction plaques, coupled with visually integrated graphic design guides the user through the workout.
- Weight stack integrated 5lb increment plate, allows for gradual increase of resistance for the workout and leads to quicker strength gains.
- Wide Kevlar weight transference belts and extra wide pulleys, coupled with high quality raw materials create the most durable strength training circuits in the industry.
